

ENTREPRENEURS IN ACTION

FRIDAY, 29 NOVEMBER 2024
13:00 P.M. | LECTURE THEATRE 8

SPEAKERS

Mr. Lefteris Kouloumbri and Mr. George Liapis

Co-founders of Realmint a spin-off of the Aristotle University of Thessaloniki.

RealMint provides intelligent software applications in the form of products or custom machine learning solutions for businesses. The company has already developed a retail demand forecasting system that is used by a major retail chain in Greece.

Ms. Evelina Ribapova

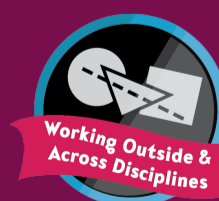

(EMBA alumnus)
Co-founder of Family Habits

It's an application which would potentially help families built healthier habits. The team behind the Family Habits app is a group of healthcare professionals, scientists and software creators who wanted to make healthy living more approachable to everyone.

Mr. Yll Hyseni and Mr. Elvali Toprlak

(EMBA students)
Co-founders of Starsourcing LLC

A technology company which is focused on the digital transformation of education by providing edtech solutions to educational institutions. The tools that are developed and/or distributed by the venture are not meant to substitute the teacher, but rather to help the teachers and the students to best leverage technology and AI tools for effective teaching and learning.

The event runs in the context of the Entrepreneurship & Small Business module
Attendance is mandatory for all Stage 3 students
