ThPA S.A. PORT OF THESSALONIKI

Description

During this on-campus session, students will learn how ThPA S.A. is advancing regional supply chains by enhancing connectivity, enabling business growth, and generating economic and social value while supporting the transition to a more sustainable future. Through a guided virtual exploration using the Port Virtual Tour application, participants will gain insight into how a major port operates, how it integrates into complex logistics networks, and how strategic investments shape the Port of Thessaloniki's evolving role as a multi-gateway hub for Southeast, Central, and Eastern Europe.

In the context of the **Principles of Management** module led by **Dr Giovanni Serafini**
